Dear Mr Ang

RE : QLC Commercial Ozoniser

Thank you for installing the Ozoniser in my new office at Connection 1 Tower 3. Before the ozoniser was installed there was a 'sour' smell in my room which the facilities staff were not able to determine the cause. However after installing the ozoniser, the 'sour' smell seems to have dissipated. Unfortunately the problem is not eradicated, but at least with the ozoniser the air in the room is much improved.

Thank you for your assistance to eradicate this foul smell in my office.

Regards
